As we are committed to doing, we wanted to make you aware that The Colorado Tolling Enterprise Board of Directors has requested a briefing from Ray Wells regarding the Prairie Falcon Express Parkway. The CTE has not taken a position in support of or in opposition to the project, nor will it. The CTE simply wants to stay informed of the status of the private toll road company. No action will be taken. This is simply a briefing.

The briefing will be held on October 16th at 10:00 a.m. at the CDOT headquarters building in Denver. The workshop agenda is below for your information.
